

NATIONAL WORKSHOP ON MATLAB AND IMAGE PROCESSING (NWMIP)

December 23 – 24, 2013

Organized by

Department of Computer Science and Applications,
School of Computational Sciences,
Solapur University, Solapur (MS), India.

Scope of the Workshop

MATLAB is one such tool which provides better support for implementation of many of the image processing algorithms and techniques. MATLAB has built-in image processing toolbox and it has built-in functions for many of the image processing algorithms. This workshop provides an overview of use of MATLAB for image processing. The participants are expected to have prior knowledge of Digital Image Processing. This workshop is to motivate the post graduate students to take-up research in the area of Digital Image Processing and provide a platform for the budding researchers to get a research direction.

Resource Persons

- Dr. Basavaraj V. Dhandra, Dept. of Computer Science, Gulbarga University, Gulbarga
- Dr. Ramesh R. Manza, Dept. of Computer Sci. and Info. Tech., Dr. B. A. M. University, Aurangabad
- Dr. Vikas T. Humbe, School of Technology, SRTMUN Sub-centre, Latur
- Dr. Pravin L. Yannawar, Dept. of Computer Sci. and Info. Tech., Dr. B. A. M. University, Aurangabad

Who could attend?

The workshop will be beneficial to academicians, researchers those who are working or would like to work in the field of Image Processing using MATLAB. ***The total number of seats in this workshop is limited to 50, based on first come first serve.*** List of selected participants will be displayed on university web site. There will be no spot registration.

Registration

Registration Fees: Rs. 800/-

Registration fee covers a book “UNDERSTANDING MATLAB”, registration kit, meals, and tea. Participants have to send the registration fees in the form of DD in favor of “Finance and Accounts Officer, Solapur University, Solapur” payable at Solapur. The registration fee may also be directly remitted or transferred online to the following bank account

Bank Name	: Central Bank of India	A/c Type	: Saving
Branch	: Kondi, Solapur	IFSC Code	: CBIN-0282815
A/c No.	: 3177057679	MICR Code	: 413016005

If the fee is remitted / transferred online to the above account, a soft / hard copy of the transaction number should be sent along with the registration form.

About Solapur University

Solapur University got established in the year 2004, which was a P.G. sub center of Shivaji University, Kolhapur, before its establishment. Being a young University among other Universities of Maharashtra, it has made substantial progress in academics and research within a short span of nine years. University adopted the school system with seven schools offering postgraduate courses in 20 subjects. The University had done vibrant progress in research in the frontier areas of Physical, Chemical, Mathematical, Computational, Earth and Social Sciences.

About Department

This workshop is being organized jointly by Department of Computer Science and Applications, which are departments under the School of Computational Sciences. These departments offer M.Sc. in Computer Science, MCA and Ph.D. in Computer Science. The research areas actively pursued are Image processing, Pattern recognition, Medical Image Analysis, Document Image analysis, Data and Image mining.
